QUALIFICATIONS

I'm a front-end and full stack web developer, currently living in The East Bay. I'm passionate about open source software and the open web. I spend most of my free playing with new technologies.

I'm looking for an opportunity to solve exciting problems on a high impact project. I'm particularly passionate about front-end frameworks and the increasing accessibility of the web.

ACCOMPLISHMENTS

- [matthewmichaelwilliams.com] My personal website, portfolio and project walkthrough
- [www.regex.rocks] RegEx training game project created with Angular, jQuery, and Firebase
- [github.com/boulderinthesnow/ng-html2js] An open source project in which I made 6 accepted pull requests pairing with another engineer.
- [GalvanizeU] Completed a full time 6 month Coding Immersive Program
- [UC Berkeley] Awarded Magna Cum Laude (High Honors) in Psychology (3.84/4.0 GPA)
